# VARIOL WILL BE RENAMED TO VORMIOL

**New Name – same product**

You know our release agents under the “VARIOL” name. We rename this product line to “VORMIOL” in March 2021. The reason is a wordmark dispute with another provider outside the construction industry.

An overview about the new and the old product names are presented in the table below. The article numbers remain unchanged. Our release agents will still convince with the highest quality standard.
